*"Throughout their entirely memorized program, an amazing feat in itself, each member of THE MOSCOW BOYS CHOIR maintained incredible discipline and technical excellence, weaving together various parts, textures, and rhythms flawlessly. A rare mid-concert standing ovation, when the audience leaps to its feet before the last, lingering notes of a song, is perhaps the greatest compliment of all! Their combined talents mesmerized those fortunate enough to be part of the capacity crowd." ~ The Barrie Examiner, Barrie, Ontario, Canada*
